Hogg joined the Hannibal team immediately after he was graduated from the University this month. Though a first-baseman, he has been playing right field, as there was no room for a new man at the initial corner. The St. Louis Republic, under a Hannibal dateline, has the following to say of Hogg:

"Bobby Hogg has been playing a wonderful game, having attained a batting average of .350 in seven games. Hogg has been playing the right garden and in a recent game handled seven chances without the semblance of an error."

MOBERLY HERE TODAY

Rejuvenated Browns Will Make Attempt to Start a Winning Streak.

The acid test will be administered to the reorganized and rejuvenated Columbia Browns at the fair-grounds this afternoon, when they tangle with Moberly, the Central Missouri League leaders. This will also be Columbia's first chance to see their athletes in action under the new management.

Much has been accomplished since Taylor and Bryant took their posts as guardians of the team's destinies, and something has been done even since they met defeat at the hands of Paris last Sunday. Johnny Nowell, a second baseman, who, when with the team last year, was the author of many a hit that spelled defeat for the opposition, has been drafted and will at least appear in a uniform today. Henry, a former Kirksville Normal athlete, has convinced the managers of his ability to cover considerable geography in the outfield and has been presented with a contract. Cruickshank, a left-handed pitcher, who from reports has "got something," has also been signed. Harry Lansing, Tiger sub-catcher, will work out with the team.

McManley, a lanky right-hander from DeSoto, Mo., and former member of the pitching staff of the St. Louis Browns, will attempt to mystify the home boys with his shoots. Ouerie and Caldwell, Moberly's two other hurlers, will adorn the bench, ready to perform if pressed into service.

Leight of Higbee will handle the indicator and do the guessing. The game will be called at 2 o'clock in order to let Moberly catch an early train for home.

The Brownies will make their appearance in the following order: Foster, 2b; Vogt, ss; Dippold, rf; Taylor, cf; Mason, lb; McClish, lf; Davis, 3b; Hill, c; Bryant, p.

The Elks and the Browns tied 3-3 in a five-inning baseball game yesterday, in which the Browns warmed up for the Moberly game. Manager George Taylor pitched for the Elks, and Lansing caught. Cook and Price were the Browns' battery.

SOUTHERN VETERANS MEET AND RE-ELECT COMMANDER

Unity, resulting from devotion to the same cause, love and sympathy from personal friendliness, characterized the meeting of the Confederate soldiers of Boone County, held yesterday afternoon at the courthouse.

Twenty-three war veterans were present to talk over old affairs and discuss the new problems of the day. Old remembrances were brought up, and many things which had been forgotten called to mind in the informal talks.

"There is a bond of love which holds the Confederate soldiers closely together," said John H. Maxwell, captain of the camp. "I love a Confederate soldier and am able to greet every one of them with confidence." When these remarks were addressed to the assembled soldiers a nodding of heads in assent was seen.

WILL DISCUSS TREE QUESTION

Committee From City Council to Hold Public Meeting Tuesday.

As a result of a petition from the residents of Bridge Terrace and because of the many recent criticisms of the way in which Columbia's shade trees are being trimmed in stringing electric light wires, Mayor J. M. Battered has appointed a special committee consisting of Councilmen Kellogg, McDonnell and Shaw to look into the matter. They will meet at 2:30 o'clock Tuesday afternoon in the City Hall, and citizens with complaints in regard to the cutting of shade trees are requested to be present.

The petition presented by the residents of Bridge Terrace says that many of the sycamores and poplars which parallel Stewart road have been ruined by the cutting out of the center tops. They say they believe the problem can be solved, and protest against the cutting of trees on their grounds without their consent. The petition was signed by Willard Ridings, Floyd Shoemaker, I. S. Griffith, J. B. Welch, L. S. Palmer, A. C. Bush and by Baxter Bond for the Kappa Sigma fraternity.

After the resolution was read at the meeting of the City Council Friday night, the mayor said he would be glad to learn of any way to solve the problem and that he would be willing to hold a special meeting to consider it.

ADOPTS HEALTH BILL

City Council OK's Measure Calling for a Sanitation Inspector.

A new health ordinance calling for the appointment of a sanitation inspector for Columbia was adopted by the City Council at an adjourned meeting Friday night. The new ordinance was got up by the Women's Civic League and Prof. O. D. Kellogg of the University. Several changes were made in the original version by members of the council before the ordinance was voted on.

Councilman Reed objected to the ordinance on the ground that the new officer it calls for would be too much of an expense, but this was overruled on the ground that there were many who would be glad to serve free or that the office could be handled as part of the regular duties of the police department. The department now has a police car, which was bought to make inspections as well as to be used in making arrests.

Visitors at the meeting were called on to express their opinions of the ordinance, which had previously been approved by the Commercial Club and other organizations of the city. Among those who spoke were the Rev. Madison A. Hart, Prof. W. J. Shepard of the University, Dr. W. A. Norris and J. E. McPherson, superintendent of schools, all of whom were favorable to the ordinance.

The license of scavengers was lowered from \$5 to \$1, and it was made a requirement that all persons living within 300 feet of a sewer must have connection with it. The sanitation inspector will be appointed by the mayor and will serve two years.

His toe was lanced and dressed by Dr. Max W. Myer this afternoon.

When it became known that Bob was a cripple, Missouri track fans felt their faces lengthen slightly, but Bob does not appear much alarmed. He sits in his chair at the home of Director C. I. SUPPLIES STILL GO TO MEXICAN ARMY

Guard on Border Increased—Transports Sent to Bring Home Americans—Wilson Keeps in Touch.

By United Press.
WASHINGTON, June 17.—Secretary of War Baker, at his own request, went to confer with President Wilson at the White House shortly before 9 o'clock tonight. It is presumed that they are to discuss the Mexican situation.

By United Press.
WASHINGTON, June 17.—War with Mexico can result only from an organized attack by regular Carranza troops upon United States soldiers, according to officials close to the President tonight. But war on those terms is considered possible by many in high authority. Events coming swiftly, showing a determination of Carranza to force Wilson's hand, have given ominous promise of trouble.

The situation is so critical that Wilson has instructed the State and War departments to send copies of telegrams to him immediately at the White House.

By United Press.
EL PASO, Tex., June 17.—Movements of Carranza troops and the suspiciously large quantities of munitions that are being imported by the de facto government have impressed the border with fears tonight of an impending crisis. In view of Trevino's announcement that a further American advance would be met with opposition by Carranza soldiers, the border guard here has been strengthened. Machine gun squads have been given additional ammunition, and every soldier at Fort Bliss is expected to hold himself in readiness.

Two thousand Carranzistas have been added to the garrison at Ahumada, 80 miles south of Juarez, making a total of 5,000. They are within easy transfer by rail to Juarez or overland to the American forces west. The activity of Carranza agents in obtaining provisions in the United States may cause local authorities favoring an embargo to take the question up with Washington.

Solid trains of provisions are leaving Juarez for Trevino's Chihuahua forces. There are rumors that the Carranzistas plan to evacuate Juarez in case of war.

By United Press.
WASHINGTON, June 17.—Army transports are being ordered to Tampico, Vera Cruz, and other Mexican ports to bring home Americans, it was learned at the State Department this afternoon. The transport Sumner has already left for Tampico, where there is a large American colony of oil men.

Five cases are against Dr. George A. Bradford, who is charged with writing illegal prescriptions.

There are forty-five cases on the parole docket. It is the custom of Judge Harris to hear this docket on the first day of the term.
